

COVID-19

PROTECT YOURSELF, YOUR EMPLOYEES AND YOUR CUSTOMERS

Please wash your hands !

Do you think you wash them often enough? Wash them again and take the time to do it right. Adequate washing takes 20 to 30 seconds.

Cough in your elbow

To avoid transmission of the virus, please avoid coughing on your colleagues or your customers. Use your elbow or a handkerchief.

Avoid unnecessary contact

Avoid hand shaking, hugs, or other unnecessary contact. We are social beings but please avoid demonstrating it for the moment.

Clean up your work surfaces

Keep your work areas clean. Use a disinfectant such as Lysol® to limit the spread of the virus.

Disinfect your merchandise!

Take the time to disinfect your products, whether they are tools for sale or rental. In the case of rental, do it when they leave with your customer and when they are returned.

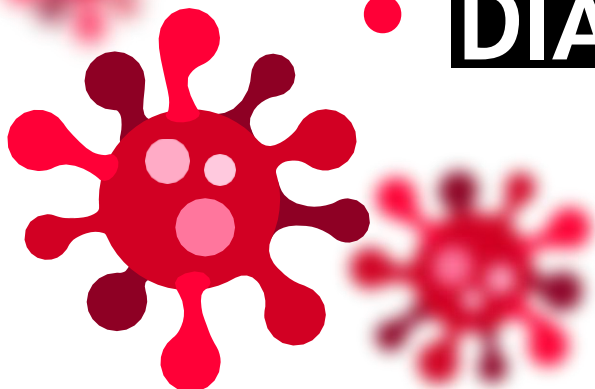

Do you have symptoms ?

Fever, Cough, Breathing Difficulties, Abnormal Aches.
